Karl,
Thanks for passing this on, and we'll look at next week.

Talk with you soon – have a good weekend,
Steve

Subject: General saltwater data

Per our Weekly call with R8,

Here's a spreadsheet with some of the data on produced water. It doesn't include all analytes we typically look at, but will give you some idea of what to look at.

The other data is just PDF's of raw lab reports, not in a nice tabular format. If you'd like some of those, let me know.

Please pass along the previous email with the Blacktail creek results as well.

Thanks
